Class Index

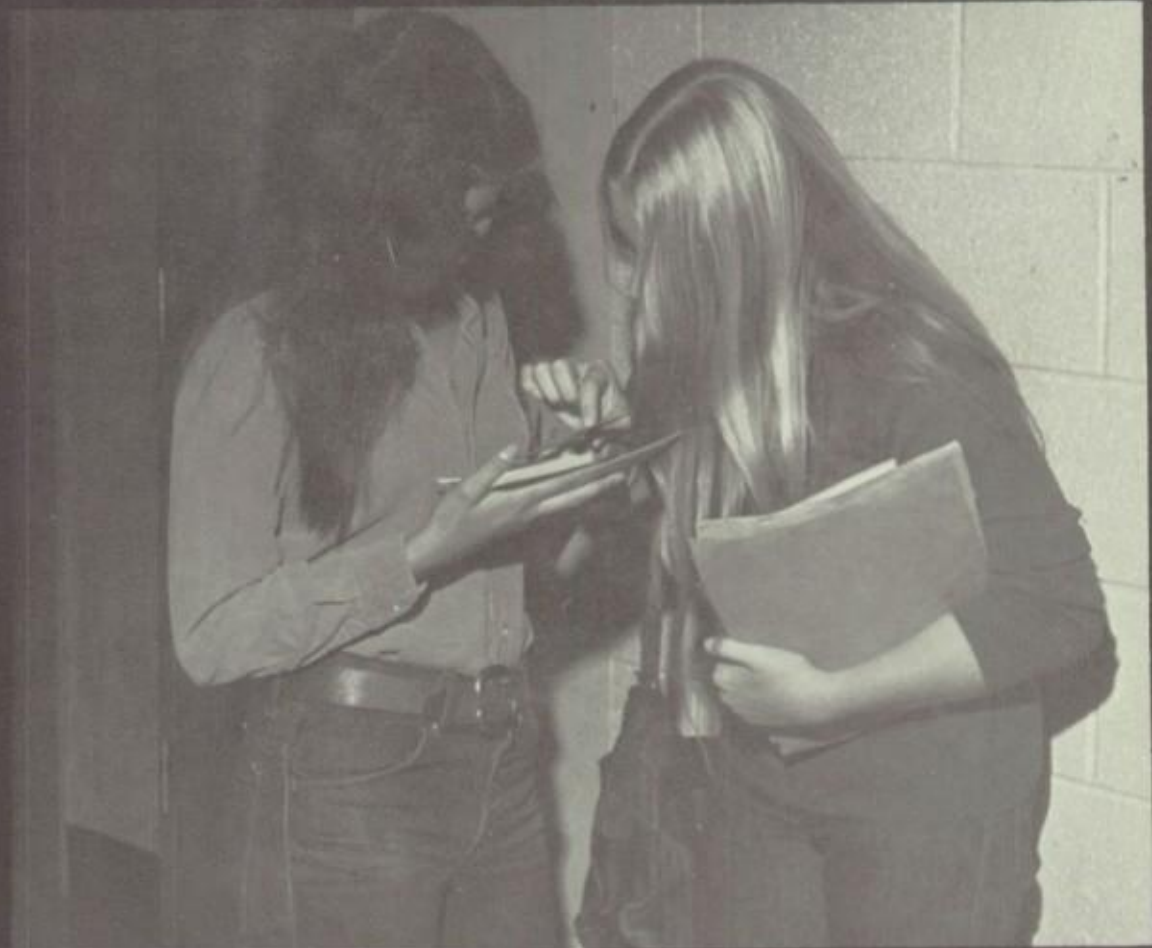

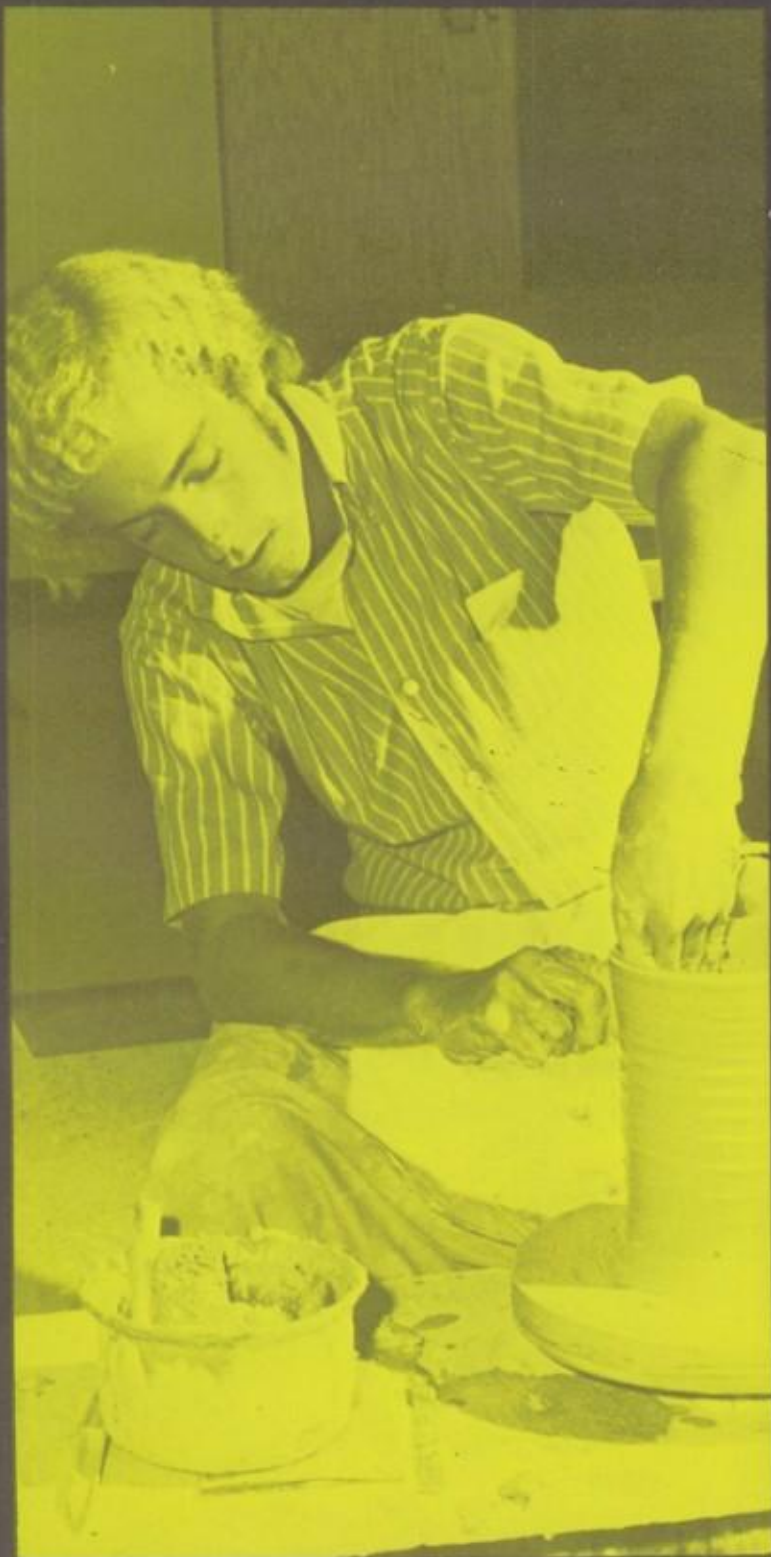

Together
 We play, we talk, we learn, we adjust
 Discovering ourselves
 Awakening to our responsibilities
 Finding the direction
 Seeking to experience the unknown
 In an irregular movement
 Toward understanding

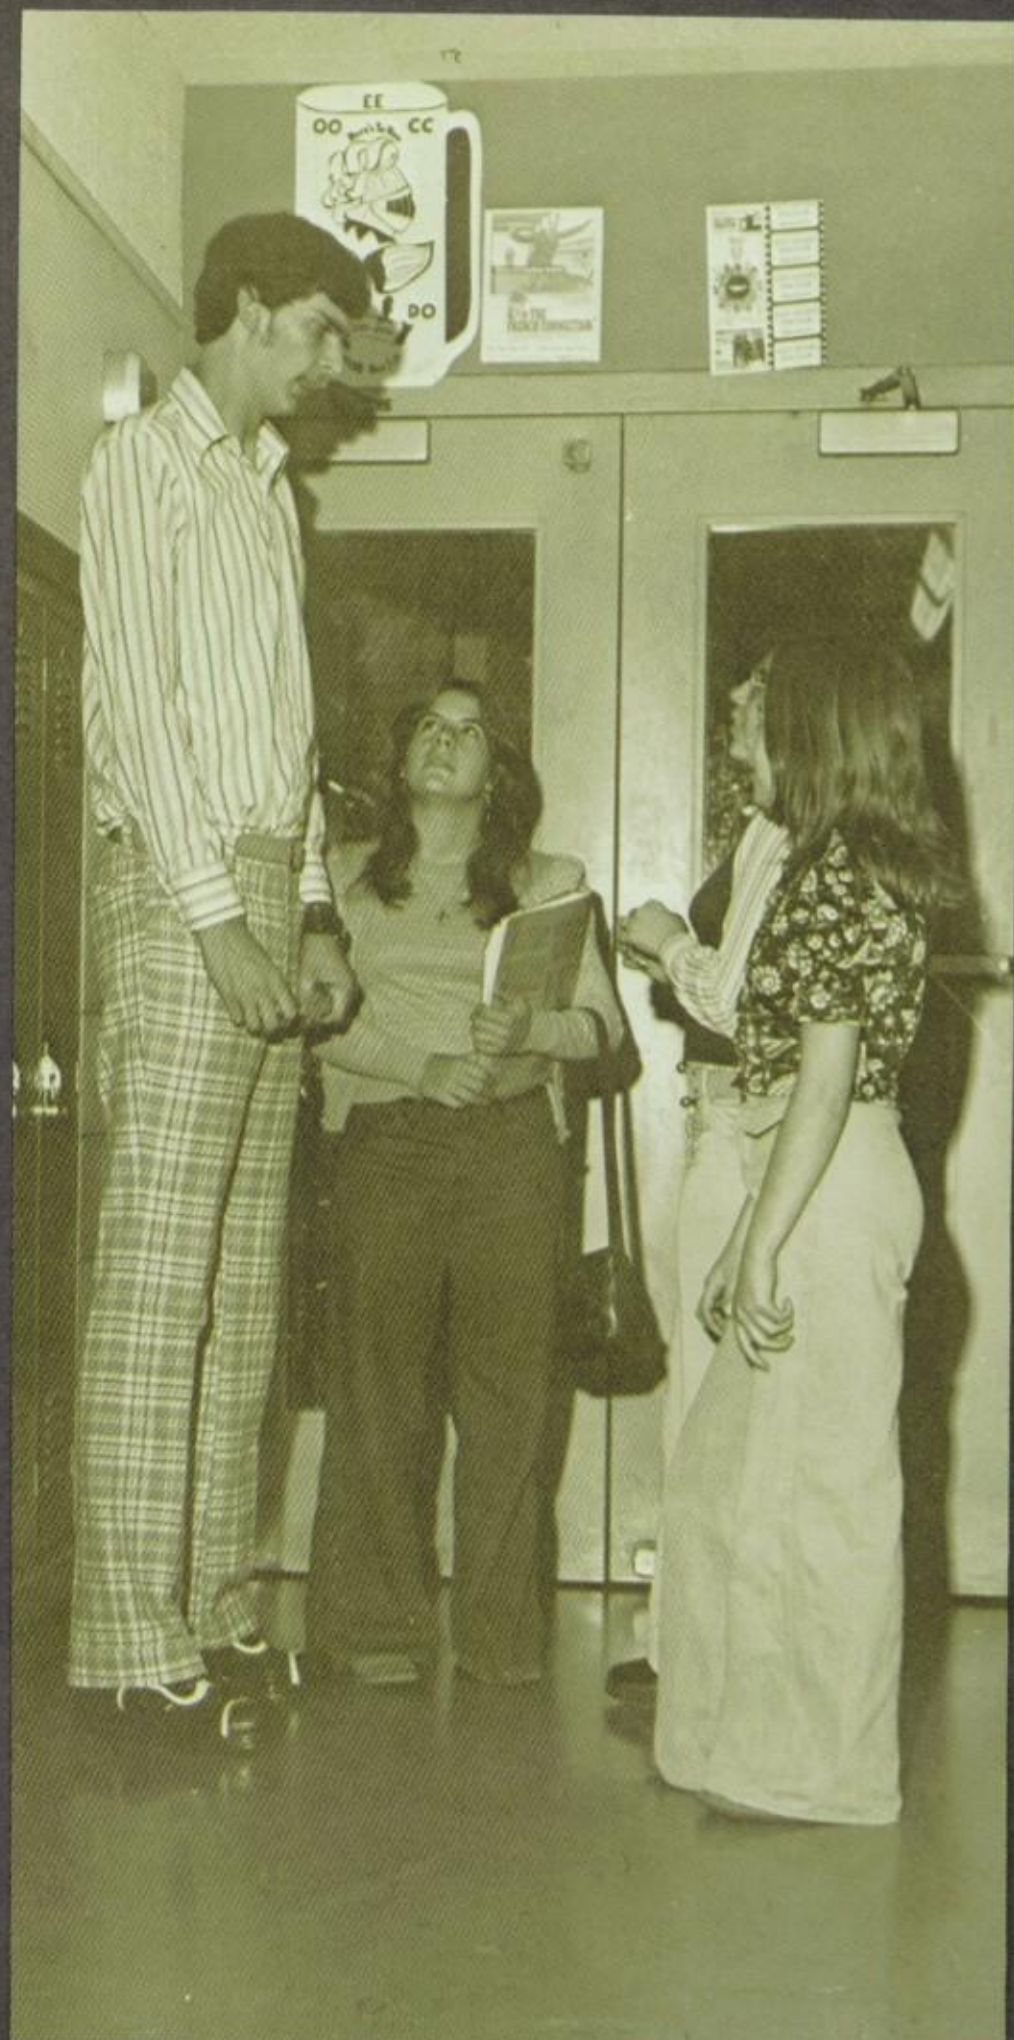

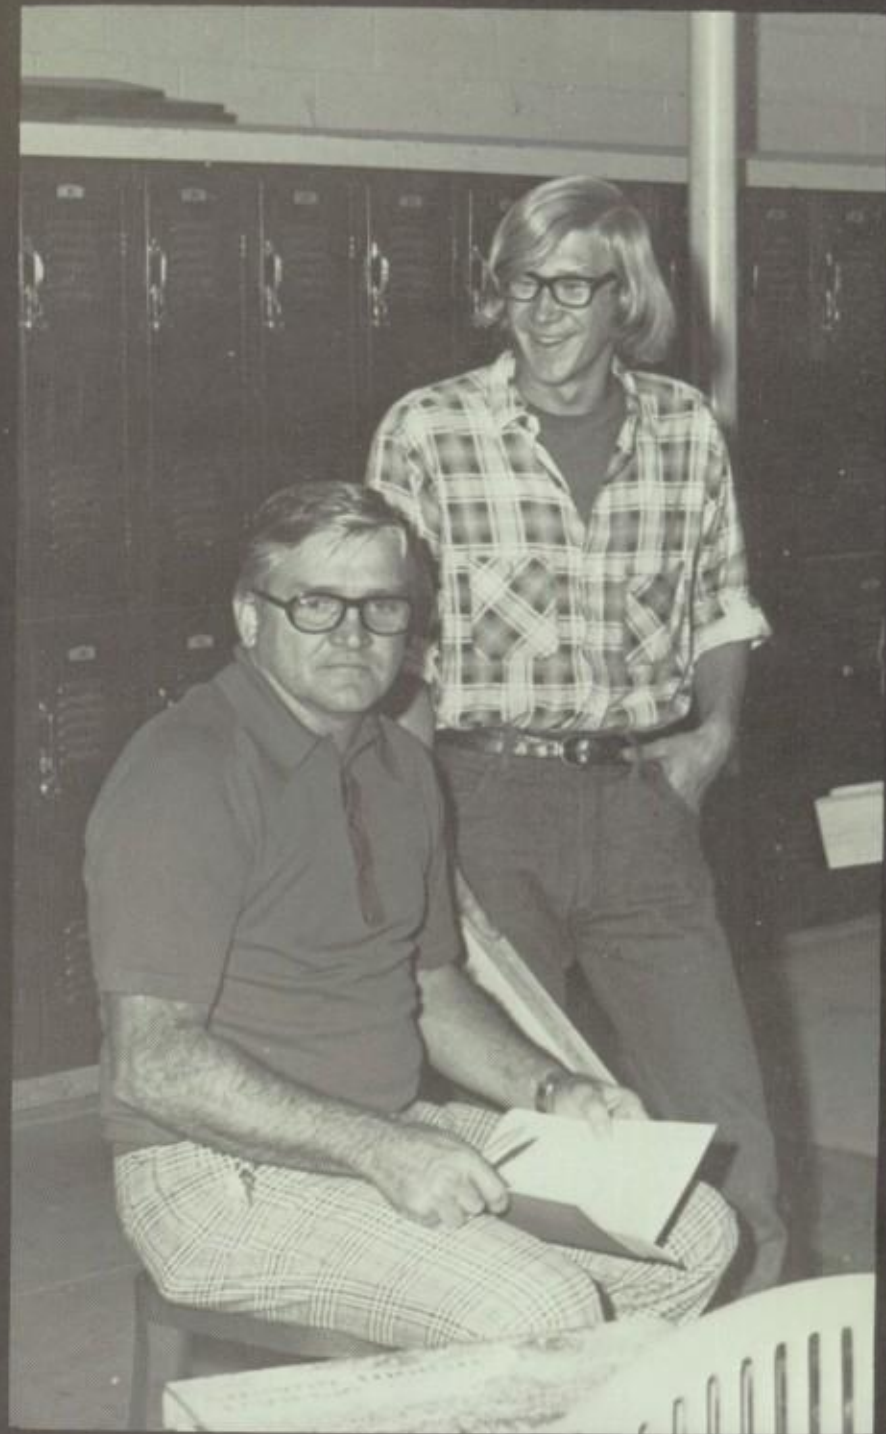

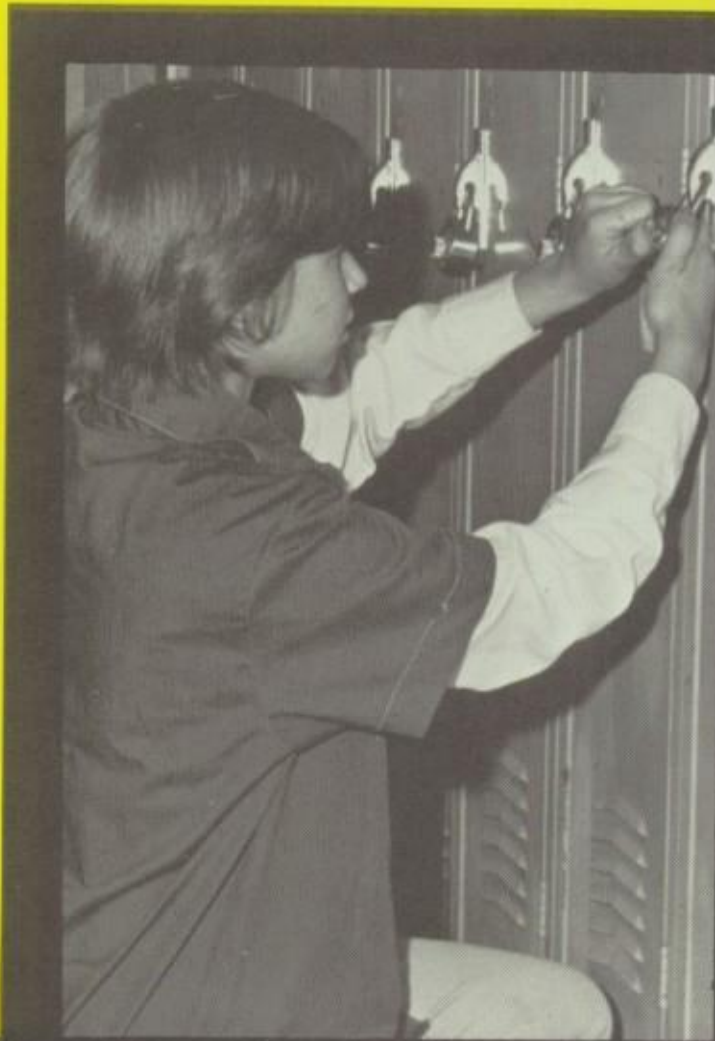

In the classroom, corridor, lunchroom
 We congregate
 And here we mingle,
 learning, talking, laughing,
 In the commons, or a sports event,
 Mutually
 We find our place
 Among others
 And within ourselves—
 Maturing.....

Vague theorems, proverbs, essays-
Amassed study
That disentangles slowly
Into a pattern of thought;
We reason,
Employing a broadened method
Of understanding
To perplexing situations
Intellectually-
Expanding...

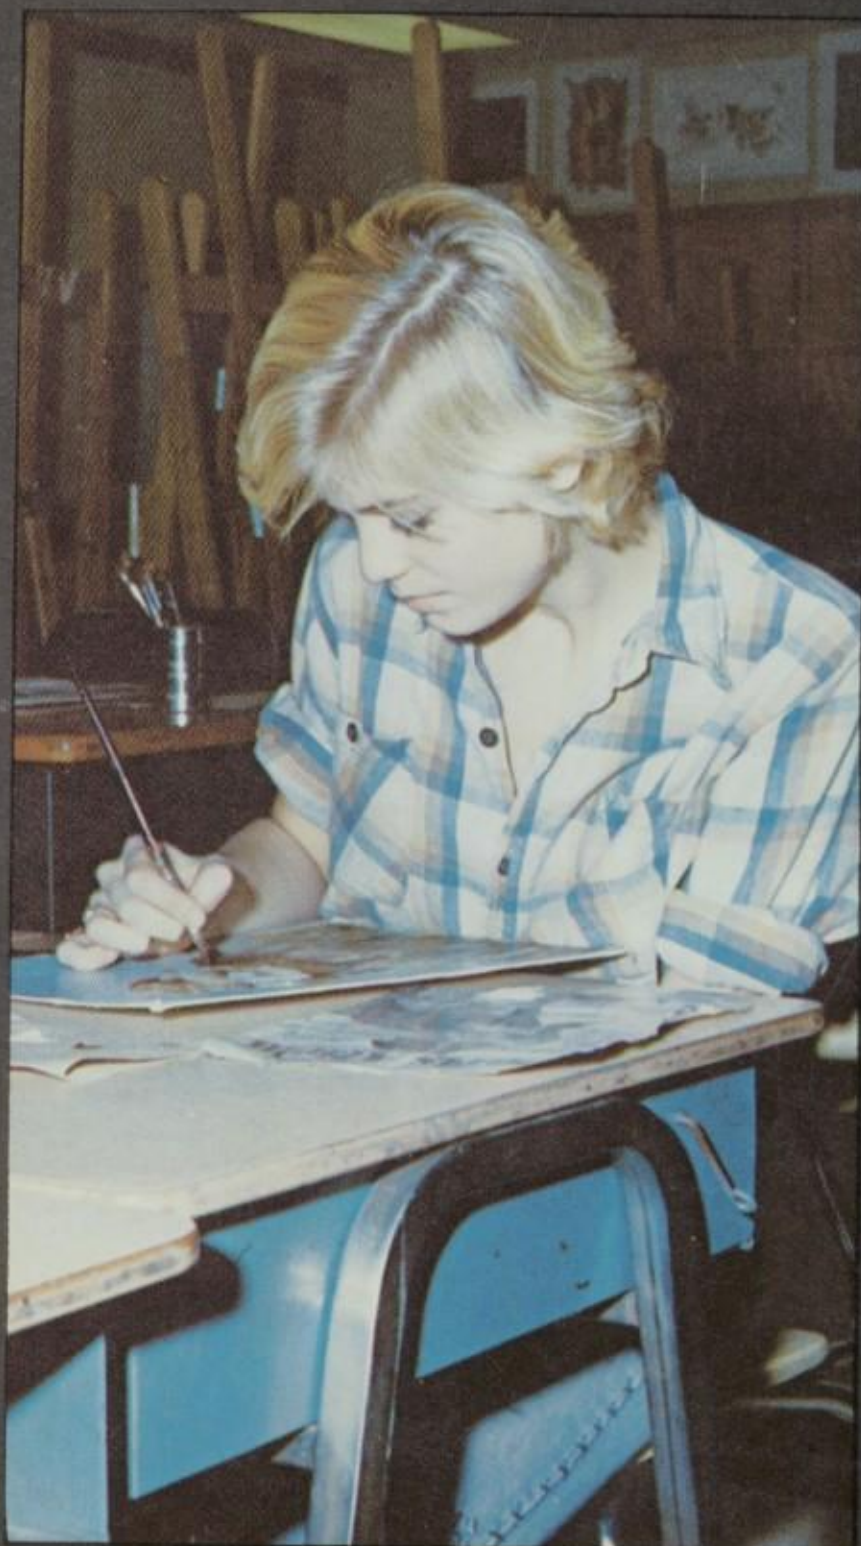

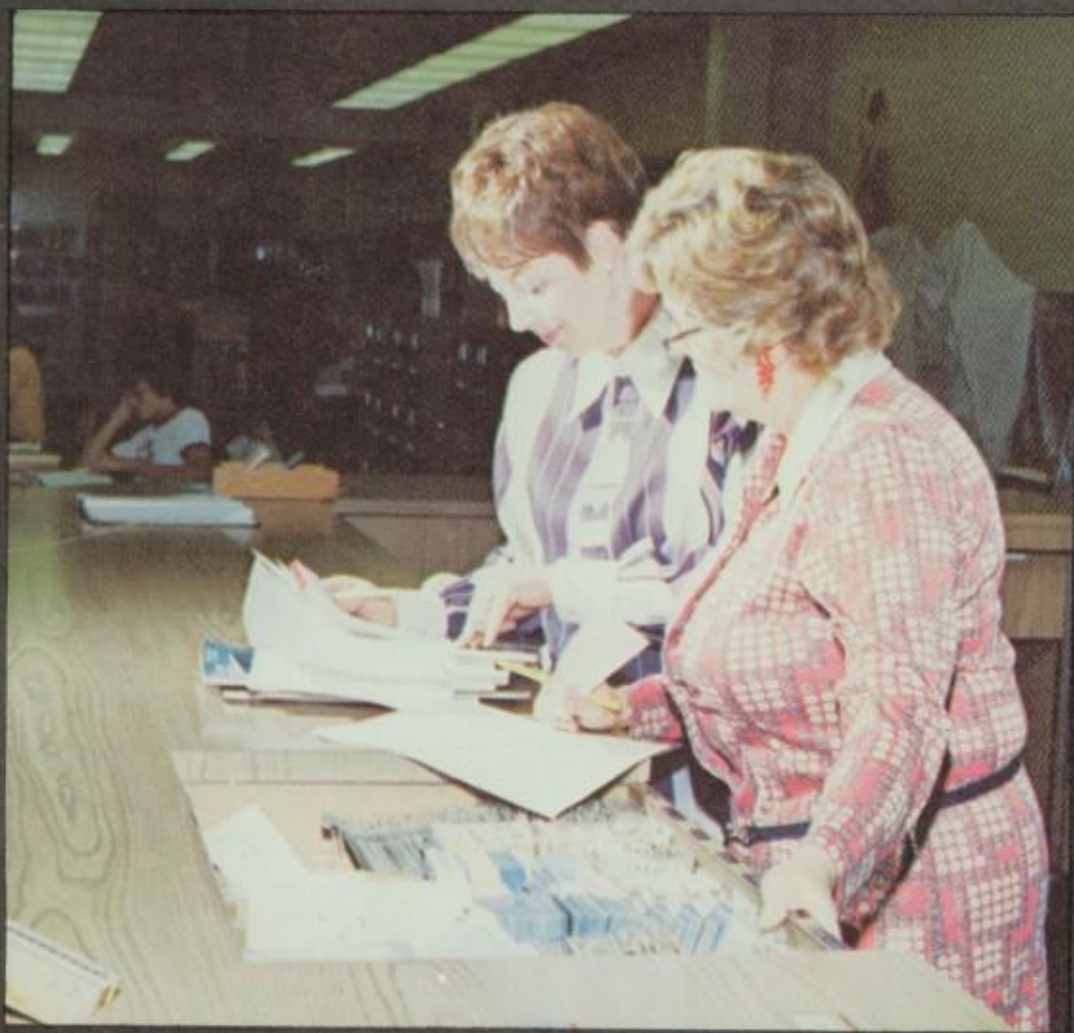

Hasty black marks
 On an SAT answer sheet,
 The scramble
 For a stolen base
 And a conference title...
 Together we experience
 The elevation of success.
 Or the depression of failure
 In competition-
 Broadening...

Expectantly,
We grow in awareness
Of the present.
We seek to place
ourselves
In the future,
To fulfill our hopes
And strengthen our
abilities,
To expand, achieve,
prosper
From our past
experiences.
Now, we aspire
To a future reality.....

**Students,
Growing constantly for Learning
Are guided by a growing
Awareness
Instilled in them by encouraging
faculty**

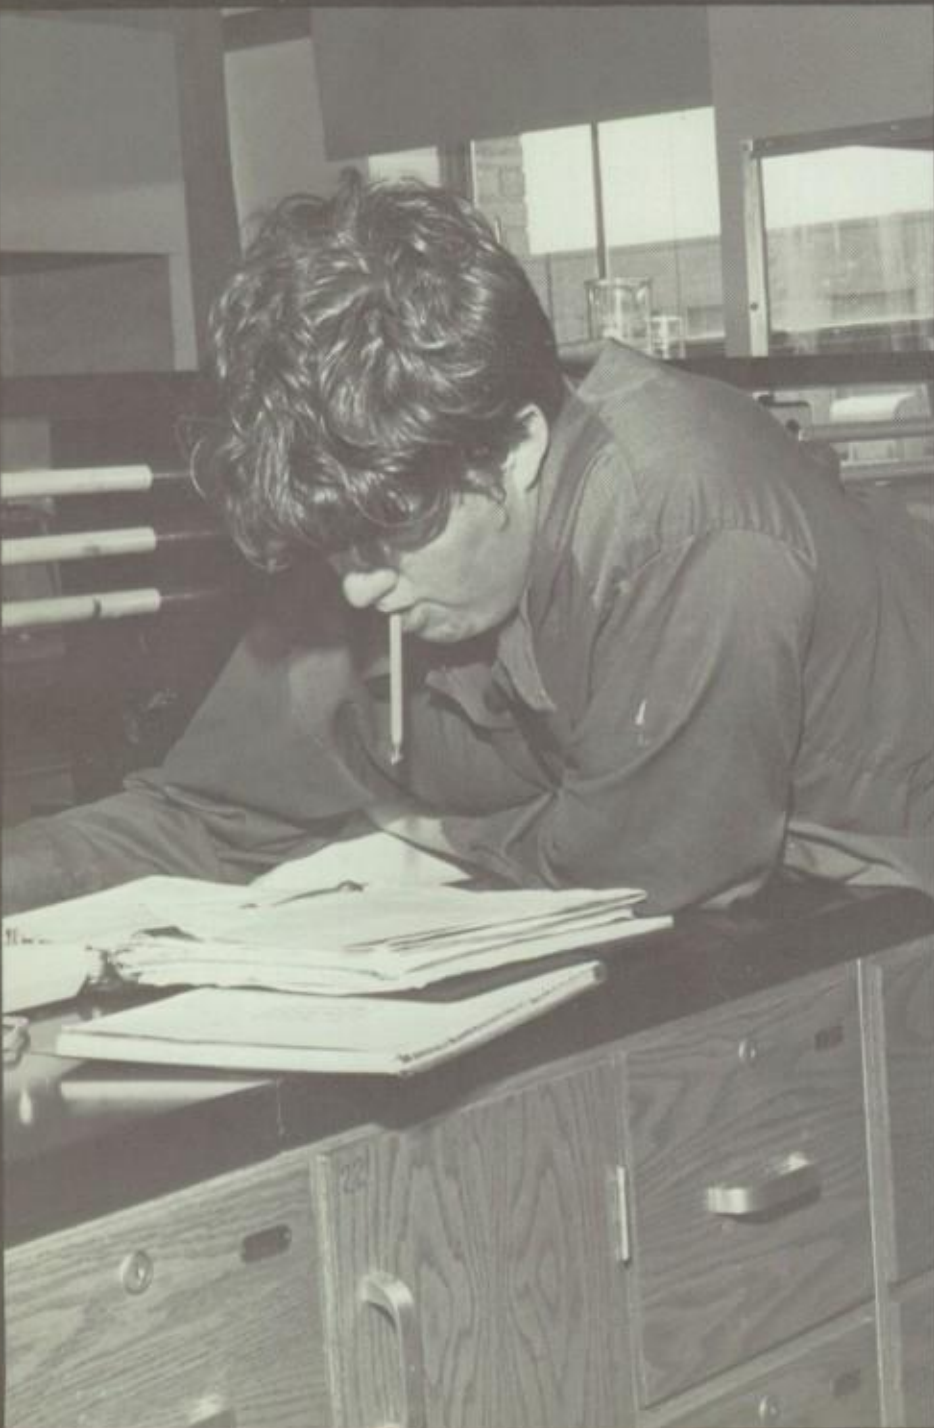

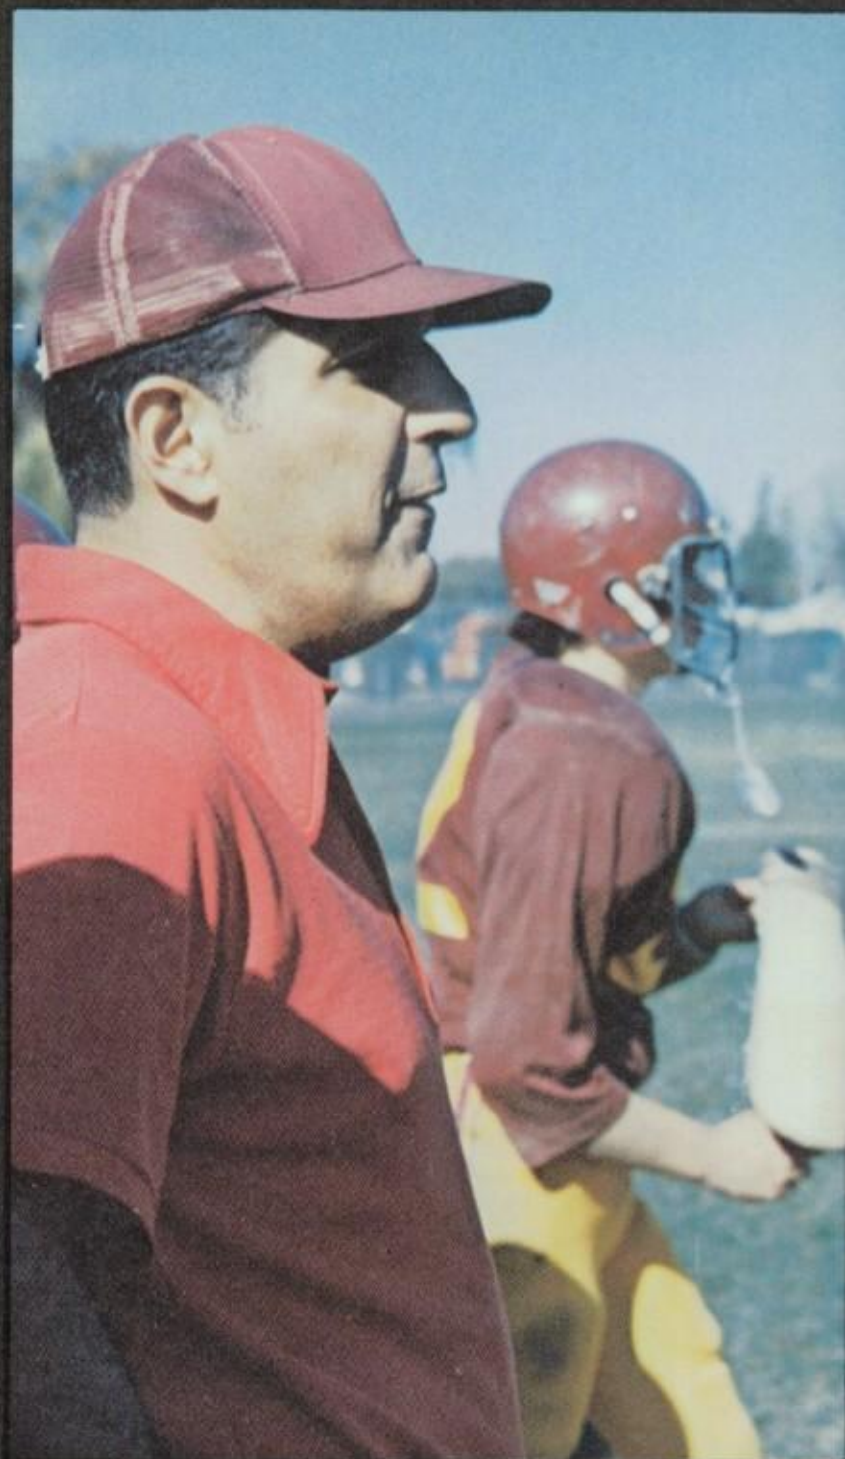

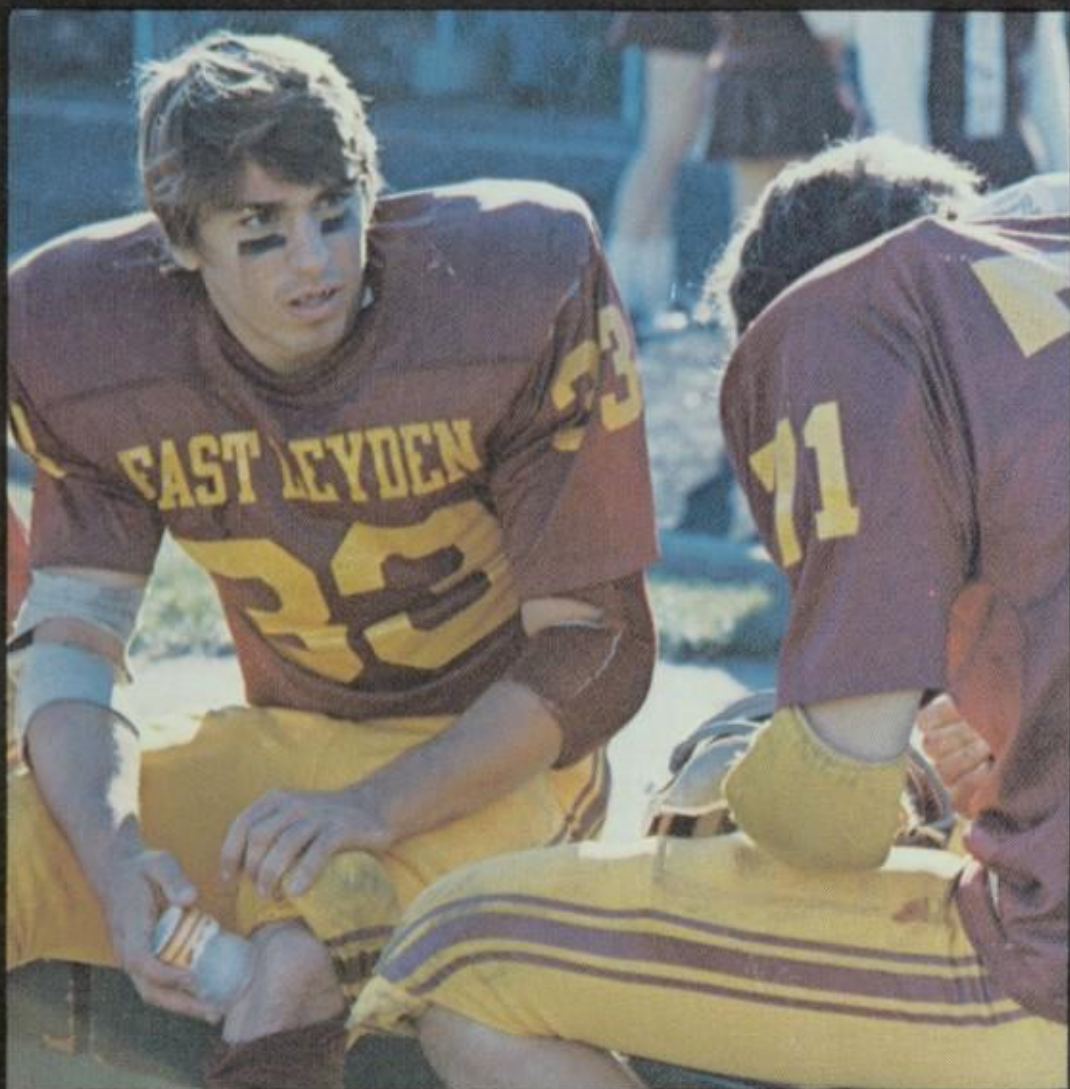

Tension, confusion
 In an oppressing struggle
 To U understand
 Engulf the mind
 And awaken latent abilities...
 Discussions, pencils, lectures, pages
 Guide the individual
 Toward insight,
 And self-confidence

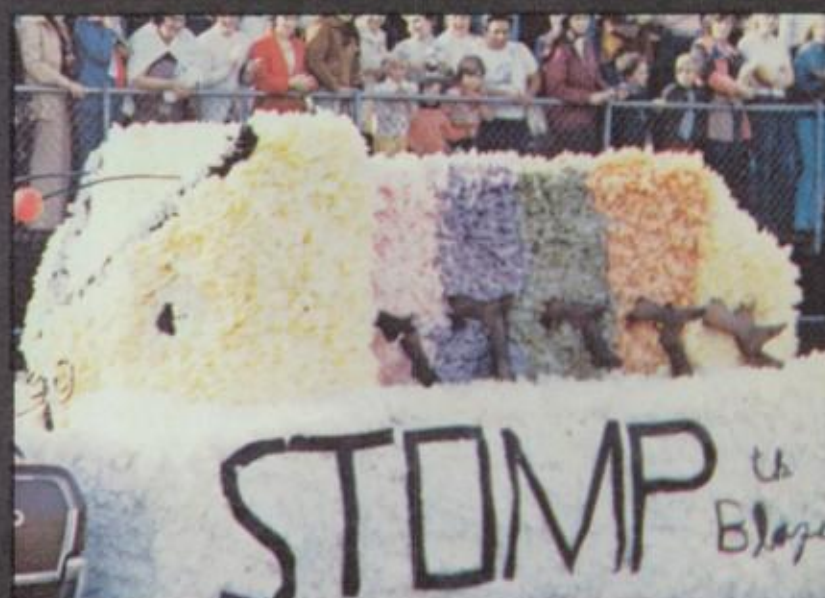

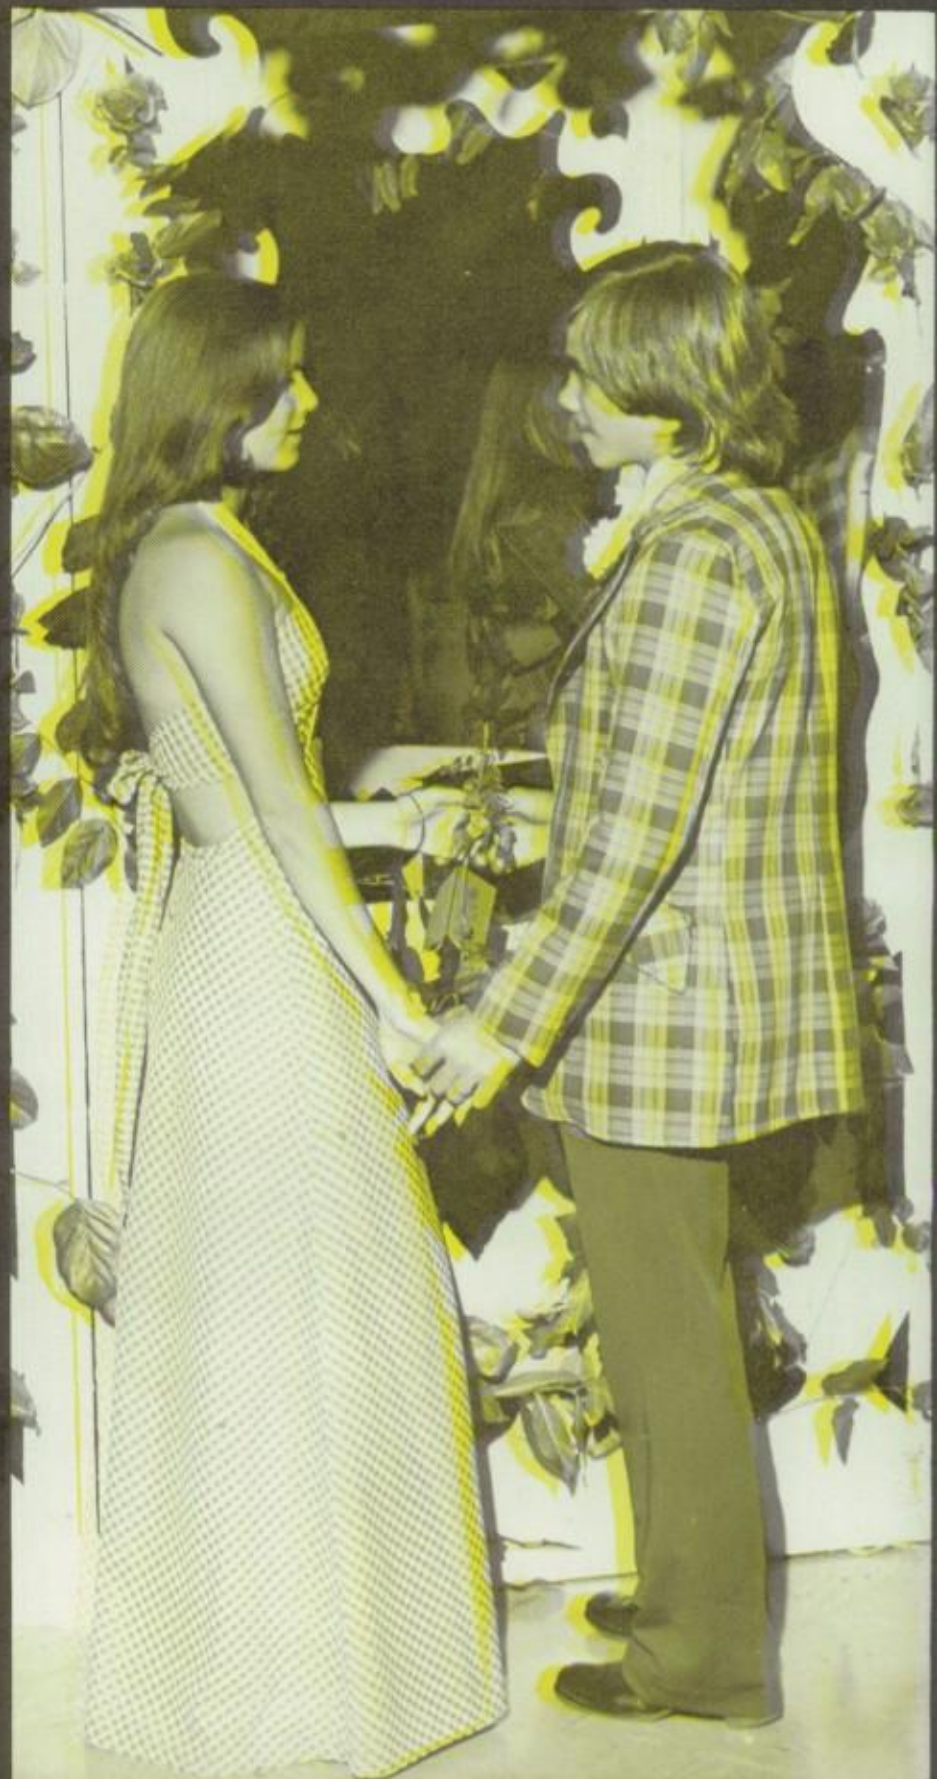

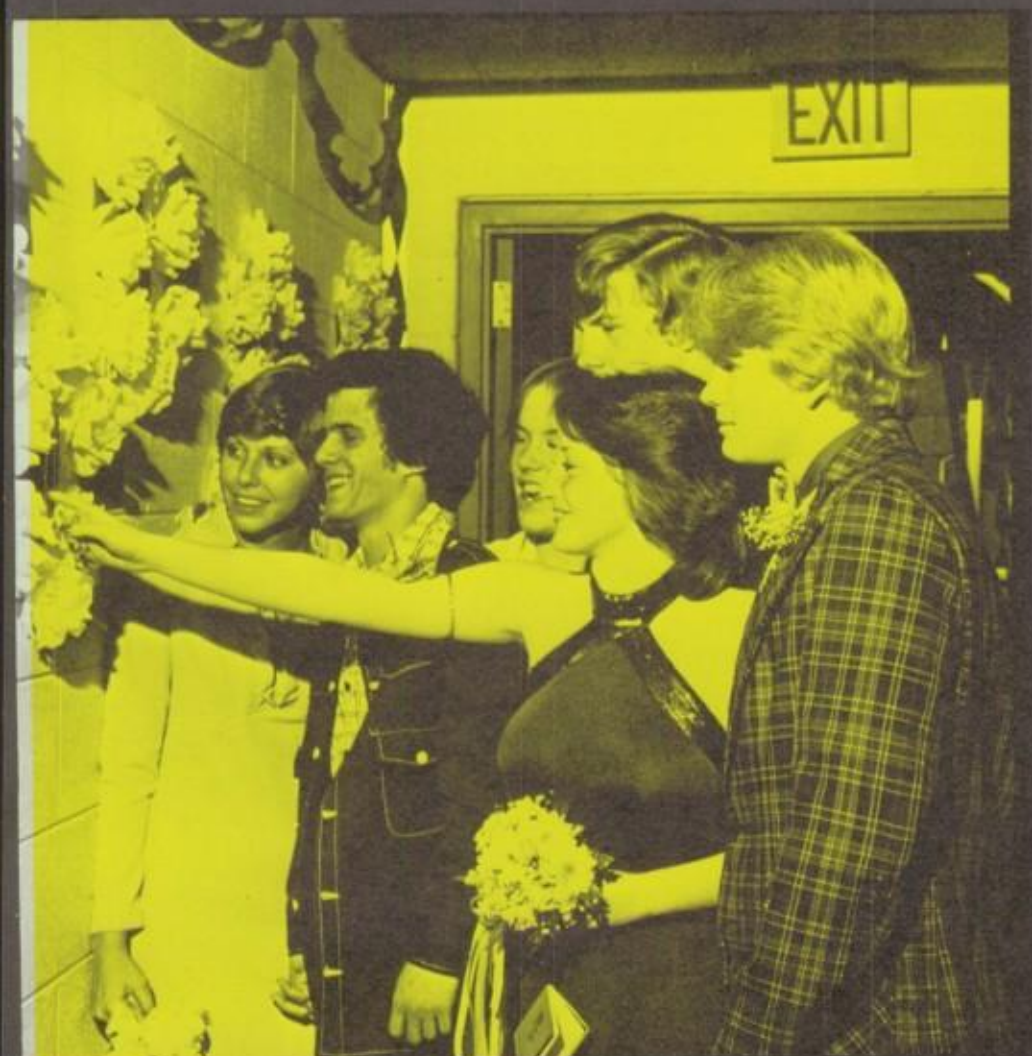

HOMECOMING

We recall
The mutual experience
Of an annual event,
Together sharing
The moment and the memory . . .

Rings, buttons, ID cards-
 Each identifying a segment
 Within the whole E.L.
 Through frequent association
 We build friendships
 Within our class,
 Learning, expanding, ascending, fulfilling-
 From Freshman to Senior
 We advance....

The din of voices
 And clattering applause
 At Homecoming;
 Breathless silence
 Suspended
 Before the climax
 Of selecting
 Queen - Pam!

The Thrill of
Stands packed full
To watch
The Eagles win!

It started way back in September, assistant-editors Julie Challenger and Erin Quinlan leading Joseph Schmitt Studios to all points of the building for just the perfect photos. Afterwards Gregg Weeks from Walsworth Publishing was there to see those perfect photos into the right place, all under the advisorship of Mr. Wayne McCormick.

This went on continuously until Mid-March along with the staff's worry of what will be done to meet the next deadlines. After that the dreams of the final product and the opinions to be taken

by fellow students and friends drilled all of our minds until now. Well, that was the story of my staff and now the story of this past year is complete in the 1975 EAGLE.

As I take this space to thank these selected few I also want to thank you for just being yourself and a part of mine and other peoples memories in the "75" EAGLE.

Tim,
It was
fun seeing ya
around & this year and
I hope I see ya this
summer. Thanks for the
ride and someday we'll check
it out. Go up to Schiller Woods
this summer. I'll see ya there.

Tim, (Katz)

Freshman year we
had some fun
teasing ya. Cindy
and me. I thought
you were weird.
But now that you
in English with me,
you pretty cool.
Don't worry about
John, he will never
say anything to
ya. Good Luck
Love ya always,

Kathy.
